

Volunteer Fundraisers Action List!

WE ARE OFTEN ASKED “HOW CAN I HELP WITH YOUR FUNDRAISING EFFORTS?”

SO, HERE IS AN ACTION LIST OF THINGS YOU CAN DO TO HELP THE SAMSON CENTRE FOR MS.

Our fundraising efforts rely on the commitment of others – people like you who have taken the time and interest to browse our site. Our supporters, ultimately determine the level and amount of facilities we can provide to people meeting the daily challenges of living with MS, right here in Surrey and surrounding areas. Fundraisers are motivated individuals who want to make a difference to the lives of others. Like life itself fundraising comes in many shapes and forms to best suit and reflect different personalities, lifestyles, time constraints, interests, strengths and other commitments. Whilst some may be able to donate time, there will be others preferring to offer financial support alone. There will be those of you holding down jobs, whilst others will be studying or enjoying retirement. Some of you will be quiet and reflective whereas others will have outgoing personalities. Fundraising can be about online support, frontline organisation, backroom support or about getting out and about and meeting dozens of people. The most important thing is that it can all be done from either the comfort of your own home or standing on a street corner with a collection box – and everything in between. There really is something to suit everyone. Whatever your skills we really do need your support. With your help we can continue to “Make Samson Stronger” long into the future. You can print out this checklist but obviously the links will only work when you are online. Remember fundraising can be fun and whilst you couldn’t possibly get involved with all the suggestions on this list, here is an idea - Set yourself a target “**TAKE THE 5 A MONTH CHALLENGE**”. Go to www.samsoncentre.org.uk/volunteering and get this "Clickable Action List" up on your screen. Follow the Links and get started right now!
